

BUCS REPORT 2024.

British Universities & College Sport, national championships.

Men's Trophy

Teams plus coaches

Women's Trophy

Team Bath, National Champions.

Over the weekend of 17th & 18th February, Team Bath took twenty-three

athletes & three coaches to the Universities & Colleges national championships.

Individual contests were held on the Saturday and Teams on the Sunday.

GOLD U60kg - Ankit,
started judo Oct. 22.

The medal haul was: 5 Gold, 1 Silver & 4 Bronzes in the individuals. **Gold & Bronze in the men's and Gold in the women's.** Meaning that the University of Bath is now

the national judo champions for this year! Team Bath has a two tier training structure in judo. The full-time programme, which trains twice a day and is run by Adam Hall the Head coach, with Greg Varey assisting. I, Gleeson Judo coach the other group, the recreational student's club, who train twice a week, once with me on a Saturday. Over half of those we took from this group only started judo

Gold U66kg, Jack, started Oct. 23,
Bronze Ammar, Started Oct. 22.

Gold U48kgs, Sunisha,
Started Oct. 23.
Bronze medalist absent due to injury.

this academic year. Meaning October, with December off as no uni. This didn't stop them from collecting medals at this national event. It also has to be remembered that, we have had outings at other competitions, London Universities open in November (see report) and as a "warm-up" comp the week before BUCS at Warwick, where they brought back 3 silvers and a gold!

I have to say the dedication and commitment of these students I find awe inspiring! To go from a “standing start” to national medals in the time they have been training, is quite phenomenal.

Gold U90kg, Luke full-time.

Gold O100kgs Alex, full-time.

I have put under the pictures of the medalists, their weight category as far as I remember, their starting date for those I have been coaching or the fact they are in the full-time programme. As I have little to do

Silver U81kg, 'Cam' full-time.

with the full-timers, I'm not paying them much attention here. They obviously train hard and are excellent athletes, but its a different game to that which I deal with.

Bronze U57kg Beyza, started Oct. 23.

Well, I think that's enough for now. Any questions or anything at all, please use the links on the website to get in touch. Thanks for reading, and training so hard!!

Bronze Gergo full-time.

Bronze James, full-time.

Finn Gleeson, 25.2.24.
